3. ITEM- P-PACK UPDATE

This year we plan to deploy around 400 pheromone packets in the east end. We had 4 groups sign up to volunteer plus a San Miguel County Employee Wellness Day. We have two groups returning this year along with two new organizations. Patagonia Telluride is our first new group and will be covering the Bridal Veil area (and adopting it for our Adopt-a-Trail Program) and Telluride Mountain Club joined and put up over 50 packets in the Illium area. Returning will be the Town of Ophir (to cover the Ophir area) and Telluride Academy. Our County Employee Wellness Committee already deployed 100 packs on the M-59 trail. In addition we have had two private landowners pick up packs to deploy on their own property.

4. ITEM- OAG MANAGEMENT PLAN UPDATE

Yesterday Greg and two SMC employees visited the OAG parcel to scout and gather information about the needs for improvements in the parcel. They were able to clear the vault toilets of critters, clean and disinfect, and prepare the toilets for use. They are now back online and ready for use. They were also able to create a GPS track of the trails on the property and identify wells and electrical boxes. We will use this data to make a detailed map for our visitors. They created a plan to deconstruct the ropes course, which can be done ourselves and assess the need for a fire mitigation plan. The 4H program will be visiting on Thursday for a day trip and will provide feedback. Telluride Academy expressed interest in hosting a few overnights later in the summer.

Attached is the OAG Use Management Plan. Greg wrote a purpose statement but would love feedback from the OSC.

1. OAG use Management Plan Document
[OAG Use Mgmt. Plan DRAFT 3.07.24 \(3\) \(1\).docx](#)

5. ITEM- EAST END MASTER PLAN

Discuss and Comment on the latest version of the EEMP. Please see link below. Deadline by 6/5.
